Develop a Web Application using Node RED Services

Date	02 November 2022
Team ID	PNT2022TMID12738
Project Name	IoT Based Safety Gadget for Child Safety Monitoring and Notification

Install the module packages that are required for your application

Node-RED
Installing 'node-red-contrib-web-worldmap'
Before installing, please read the node's documentation. Some nodes have dependencies that cannot be automatically resolved and can require a restart of Node-RED.
